PROFESSIONAL EXPERIENCE

Senior Web Application Developer / Technology Director   **Pasadena, CA**
Velodea   04/2006 – 03/2017
- Served as Solutions Architect, Programming Lead, and Database Developer for digital marketing firm.
- Successfully built over 70 website solutions and marketing campaigns for Fortune 500 companies including Shell, Qualcomm, Sprint, Maserati, Fox, Miramax, ABC, J. Walter Thompson, & Edelman.
- Designed large-scale medical management system to track & schedule education of 85,000 students.

Lead Developer & Founder   **La Canada, CA**
devAware Technology Solutions   07/2002 – 03/2006
- Excelled in building custom Web, Windows, & .NET application systems for various corporate clients.
- Hired by Sony to build advanced kiosk application for VIAO laptops. Had successful nationwide rollout.
- Engineered web & desktop platform to promote major motion picture releases for Fox & Miramax.

Lead Software Developer   **Milan, Italy, Los Angeles, CA**
The Velodea Group / Bleu22 Studios   07/2000 – 07/2002
- Led the product development team of multi-national digital start-up with offices in Milan & Los Angeles.
- Developed real-time web analytics platform to provide behavioral tracking & custom reporting.
- Built proprietary asset & client management system. Licensed by Sony, Qualcomm, & Shell Oil.

Release Program Manager   **Redmond, WA**
Microsoft   11/1998 – 06/2000
- Designed mission-critical app suite to manage thousands of software releases to the web each month.
- Build web-based training system to provide CBT to employees and non-technical business owners.
- Engineered tracking & query system to manage media shipments of software to third-party vendors.

EDUCATION

DeVry University   **Pomona, CA**
